

# Java Developer | Oleg Kucherenko

*Remote | Odesa, Ukraine*

- Email: OlegKDeveloper@gmail.com
- LinkedIn: [www.linkedin.com/in/OlegKDev](https://www.linkedin.com/in/OlegKDev)

## Summary

Hello! I'm a junior developer seeking remote work or internship opportunities. I am also open to volunteer and startup projects.

## Skills

- Developing REST APIs with Spring Boot and implementing unit tests using JUnit.
- Experience with MySQL and PostgreSQL databases.
- Working with Git for version control.
- Basic administration of Ubuntu.
- B1 level of English proficiency.

## Experience

### Java Developer | All Easy

*April 2023 - Present (Part-time)*

Develop Java/Spring backend for a startup project aimed at managing and optimizing shared expenses among friends.

- Implement new features and improve existing functionality.
- Utilize Kanban board to track and manage tasks.
- Work with technologies such as Java, Spring Boot, PostgreSQL, Liquibase, Redis, Docker, and GitHub CI/CD.
